Request to Amend Drawings

Sir:

Permission to amend the drawings is respectfully requested. Applicants request to amend the pending drawings by substituting one replacement sheet of drawing (containing formal Figure 30) for the currently pending sheet of drawing containing Figure 30. No new subject matter will be added as a result of this amendment.

As requested by the Office, Applicants have moved spring members 298, 299 closer to respective shafts 290 and 292. Support for the amendment can be found in the Specification. Further discussion of Figure 30 can be found in the remarks section of Applicants' Response.

Respectfully submitted,
